

Evolutionary response to size-selective mortality in an exploited fish population D. P. Swain, A. F. Sinclair & J. M. Hanson	1015
Experimental simulations about the effects of overexploitation and habitat fragmentation on populations facing environmental warming C. Mora, R. Metzger, A. Rollo & R. A. Myers	1023
Observations of wild hunting behaviour and bioluminescence of a large deep-sea, eight-armed squid, <i>Taningia danae</i> T. Kubodera, Y. Koyama & K. Mori	1029
Feedback control in active sensing: rat exploratory whisking is modulated by environmental contact B. Mitchinson, C. J. Martin, R. A. Grant & T. J. Prescott	1035
Female butterflies prefer males bearing bright iridescent ornamentation D. J. Kemp	1043
The visual processing of motion-defined transparency W. Curran, P. B. Hibbard & A. Johnston	1049
Lizards speed up visual displays in noisy motion habitats T. J. Ord, R. A. Peters, B. Clucas & J. A. Stamps	1057
Protein carbon content evolves in response to carbon availability and may influence the fate of duplicated genes J. G. Bragg & A. Wagner	1063
Social recognition in wild fish populations A. J. W. Ward, M. M. Webster & P. J. B. Hart	1071
Rapid courtship evolution in grouse (<i>Tetraonidae</i>): contrasting patterns of acceleration between the Eurasian and North American polygynous clades A. Spaulding	1079
Dispersive and non-dispersive waves through plants: implications for arthropod vibratory communication J. Casas, C. Magal & J. Sueur	1087
The threat of punishment enforces peaceful cooperation and stabilizes queues in a coral-reef fish M. Y. L. Wong, P. M. Buston, P. L. Munday & G. P. Jones	1093
The nested structure of a scavenger community N. Selva & M. A. Fortuna	1101
Kin-mediated reconciliation substitutes for direct reconciliation in female baboons R. M. Wittig, C. Crockford, E. Wikberg, R. M. Seyfarth & D. L. Cheney	1109
The devil to pay: a cost of mutualism with <i>Myrmelachista schumanni</i> ants in 'devil's gardens' is increased herbivory on <i>Duroia hirsuta</i> trees M. E. Frederickson & D. M. Gordon	1117

Founded in 1660, the Royal Society is the independent scientific academy of the UK, dedicated to promoting excellence in science
